## Additional Backup Information

On September 30, 2010, the Council passed Ordinance No. 20100930-038, adopting the Castle Hill Local Historic District with Exhibit B, a list of all properties within the district, a map of the district boundaries and a narrative description of the boundaries. It has come to staff's attention that the list included in the final ordinance included the property at 910 Baylor Street, which City Council had intended to be excluded from the boundaries of the historic district, as evidenced in the boundaries map and narrative boundary description. The Historic Landmark Commission and Planning Commission had also recommended 910 Baylor be excluded from the boundaries of the Castle Hill Local Historic District. Additionally, there were minor clerical errors to the property ID number and legal description for 608B Baylor Street and 608 Baylor Street.
